

NexGen #1

GUARANTEED ANALYSIS

Fulvic Acid.....	15.00%
Humic Acid.....	0.50%
Sulfur (S) Total	0.50%
0.50% Combined Sulfur (S)	
Boron (B)	0.04%
Iron (Fe)	0.25%
Manganese (Mn).....	0.08%
Zinc (Zn).....	0.20%

Non-Plant Food Ingredients

Organic Acids and Plant Hormones.....	37.00%
---------------------------------------	--------

Derived from: Boric Acid, Iron Sulfate, Manganese Sulfate, and Zinc Sulfate.

Information about the components of this fertilizer material may be obtained by writing to Agri-Business Technologies, 1102 Third Ave, Albany, GA, 31707 and giving the lot number which is found on the container.

Net Weight:	Net Contents:
Jug: 27lbs (12.25kg)	Jug: 2.5 gal (9.46 liters)
Cs. 2x2.5: 52lbs (24.50 kg)	Cs. 2x2.5: 5 gal (18.92 liters)

FL1285 Lot Number:

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin and clothing.
Avoid breathing spray mist.
READ LABEL – FOLLOW DIRECTIONS!
Refer to MSDS for health, safety and environmental information.
Keep out of Reach of Children

GENERAL INFORMATION

In order to improve crop performance, **NexGen #1** is used as a supplement to fertilizer programs by incorporating carboxylates and other plant nutrients. **NexGen #1** can be used on most crops and in numerous types of applications such as transplant solutions, irrigation, soil and foliar applications either with or without other fertilizers (X-0-X formulations only).

DIRECTIONS FOR USE

NexGen #1 will disperse in water with minimal agitation. It can be tank mixed with most pesticides including Glyphosate applications. Always make a small-scale test to assure compatibility. Most liquid fertilizers will mix easily with **NexGen #1** at normal fertilizer rates. X-0-X fertilizers have a tendency to be more compatible than X-X-X based materials. When combining **NexGen #1** with phosphate fertilizers maintain vigorous agitation to ensure good product mixing (always do a jar test for compatibility).

RECOMMENDED RATES

Soil Applications: In-furrow applications should be made at the rate of 8-20 oz. per acre at the time of planting. Broadcast soil applications should be made prior to planting at 8-20 oz. per acre. Banded and side dress applications should be made at the rate of 8-20 oz. per acre and for best results should be followed by cultivation, irrigation or rainfall to improve placement into the root zone.

Drip irrigation: Use 8-20 oz. per acre to establish plants initially and then several times throughout the growing season. Use caution to avoid backflow into water supply.

Transplant Solutions: Use 8-20 oz. per acre in transplant and soil drench applications using an adequate volume of water to saturate the rooting zone. Typically a minimum of 50 gallons of water should be applied per acre.

Foliar Applications: Use 8 oz. per acre in a minimum of 5 gallons of water per acre by air and no less than 8 gallons by ground.

WHAT TO DO IN CASE OF CONTACT

If Ingested: Give large amounts of water or milk, if conscious. Contact a physician immediately.

Eye Contact: Flush eyes with clean water for 15 minutes. Seek medical attention immediately.

Skin Contact: Remove contaminated clothing and wash skin with soap and water. Seek medical attention if irritation develops or persists.

If Inhaled: Move to fresh air and seek medical attention if irritation develops or persists.

For additional information call CHEMTREC 800-424-9300

If there is contact made with spray solution containing pesticides and/or spray adjuvants, follow the "Statement of Practical Treatment" on the product labeling.

This product may be corrosive to aluminum, mild steel and brass. Store in HDPE, fiberglass or stainless steel containers. Use only stainless steel, P.V.C. or polypropylene fittings.

Storage: Store in a cool place in original container in a locked storage area inaccessible to children, pets, domestic animals or wildlife.

Container Disposal: Do not reuse empty containers. Triple rinse (or equivalent) then offer for recycling or disposal by procedures approved by state or local authorities.

CONDITIONS OF SALE: Agri-Business Technologies Inc. (Company) warrants that this product conforms to the chemical description of the label and is reasonably fit for the purposes stated on the label when used in accordance with the directions under normal use. This warranty does not extend to the use of this product contrary to label instruction, or under abnormal use conditions, or under conditions not reasonably foreseen by the company. **THE COMPANY DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF FITNESS OR MERCHANTABILITY. THE COMPANY SHALL NOT BE LIABLE FOR CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, AND THE COMPANY'S SOLE LIABILITY AND BUYER'S AND USER'S EXCLUSIVE REMEDY SHALL BE LIMITED TO THE REFUND OF THE PURCHASE PRICE. BUYER AND SELLER ACKNOWLEDGE AND ASSUME ALL RISKS AND LIABILITY RESULTING FROM HANDLING, STORAGE AND USE OF THIS PRODUCT. THE COMPANY DOES NOT AUTHORIZE ANY AGENT OR REPRESENTATIVE TO MAKE ANY OTHER WARRANTY, GUARANTEE OR REPRESENTATION CONCERNING THIS PRODUCT.**
