GENERAL INFORMATION

Threshold™ Quick Boost™ is a new generation product formulated to contain both poly and ortho phosphates for more efficient utilization of the phosphorous by the plant. In addition, it contains certain natural occurring enzyme activators and plant hormones.

Threshold™ Quick Boost™ is designed for use as a foliar spray over the row during the early seeding growth stages to encourage rapid root system development. It supplies the nutrients vitally needed by young plants growing under cool, wet conditions. It can also be used as a “Pop-Up” in covering soil or close to the seed.

Threshold™ Quick Boost™ also contains an enriched package of micronutrients (double the standard rate), all in the highly available EDTA/HEDTA form. Designed for foliar application, it supplies vital nutrients at or near the time they are needed most.

DIRECTIONS FOR USE

Threshold™ Quick Boost™ will disperse in water with minimal agitation. It can be used with most pesticides. Always check compatibility before mixing. Follow the mixing sequence: 1. Water, 2. **Threshold™ Quick Boost™**, 3. Pesticide. Minimum GPS-20 ground, 5 air.

RECOMMENDED RATES

SOIL APPLICATION: Apply 2-4 qts./acre at planting as a “Pop-up” in covering soil or in with the seed.

FOLIAR APPLICATION:

Cotton: Apply 1 qt./acre in a band over the row in enough water to give good coverage. Use 2-3 qts./acre in a broadcast spray.

Peanuts: Use 2-4 qts./acre early season. Repeat before bloom and continue at 10-14 day intervals.

Soybeans: Use 2-4 qts./acre with each application starting no later than first bloom. Continue as needed through pod development.

Vegetables: Use 1-4 qts./acre depending on size of plants. First application should be made prior to flowering and/or fruiting. Continue throughout season at 7-10 day intervals.

Other Crops: Use 1-4 qts./acre starting no later than first bloom or fruiting stage and continue every 10-14 days along with regular spray program.

Tobacco & Other Transplants: Apply at the rate of 2-4 qts./acre in transplant water or banded over the row.

CAUTION: This product contains boron. Its use on any crop other than those recommended may result in serious injury to the crop(s)

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin, and clothing. Avoid breathing spray mist.
