FISH POND FERTILIZER

COVERAGE RATE 5 lbs. per ACRE

GENERAL INFORMATION

BioLogic® Perfect Pond Plus is fomulated from the highest quality materials, all are water soluble in cold water.

DIRECTIONS FOR GENERAL APPLICATION

Apply at the rate of 5 pounds per surface acre of water by hand broadcasting. Begin applications in late February - early March. At two week intervals, make applications for the next month, then once every three weeks for nine weeks. Applications may be made monthly thereafter until the end of October.

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal condition use; but neither this warranty or any other warranty of merchantability of fitness of a particular product expressed or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.

KEEP OUT OF REACH OF CHILDREN

SAFETY AND STORAGE

FIRST AID: In case of contact immediately flush eyes with plenty of water for at least 15 minutes, call a physician. Flush skin with water. Wash clothing before reuse.

STORAGE: Always reseal the bag after use unless the entire contents have been used. Perfect Pond Plus is formulated to be added to ponds and is completely water soluble. For this reason, it may absorb some moisture and under certain storage conditions it may harden. The effectiveness is not reduced. Break up any lumps prior to use.

GUARANTEED ANALYSIS

TOTAL NITROGEN (N)	**12.00%**
8.9% Ammoniacal Nitrogen	
2.4% Nitrate Nitrogen	
0.7% Urea Nitrogen	
AVAILABLE PHOSPHATE (P_2O_5)	**48.00%**
SOLUBLE POTASH (K_2O)	**8.00%**
BORON (B)	**0.02%**
COPPER (Cu)	**0.05%**
IRON (Fe)	**0.10%**
0.1% Chelated Iron (Fe)	
MANGANESE (Mn)	**0.05%**
